

## VF9035 *Forms Printer*

### Key Features

- **Less than 9 seconds first page output time**
- **1200 x 1200 dpi at up to 35 ppm**
- **Powerful 405 MHz RISC processor**
- **Adobe PostScript 3, PCL6, PCL5e**
- **Optional duplex printing**
- **Duty cycle of 150,000 images per month**

### High-quality, transaction document printing

The VF9035 from Visara provides workgroup users with an unbeatable combination of speed, value and flexibility in printer resident electronic forms applications. The VF9035 represents the latest in printing technology, taking it beyond mere document creation.

### Excellent Speed, Robust Duty Cycle

The VF9035 prints at speeds up to 35 pages per minute with a first page out time of 8 seconds. In addition to the rapid printing speeds, the VF9035 is capable of handling duty cycles of up to 150,000 pages per month. This kind of performance allows the VF9035 to be relied upon in even the most demanding printing environments – situations in which many printers may fail, but where the VF9035 fits best!

### Productivity Enhancing Controller Architecture

The VF9035 incorporates the Intelliprint Controller Architecture with Intellipress capabilities – a proprietary printing control technology developed to provide users with an unmatched fusion of performance and productivity enhancement. The ability to print electronic forms without changing a legacy printer data stream sets the VF9035 apart from the competition, and ensures that the VF9035 is not just a printer, but a highly flexible document creation tool. In addition to the productivity enhancements offered by the Intelliprint Controller architecture, the VF9035 also boasts a class-leading 405 MHz processor, Adobe PostScript 3 and PCL 6 and PCL 5c functionality.

### Versatile Paper Handling

The VF9035, in its standard configuration, has a standard paper input capacity of 700 sheets through the two completely enclosed, easily accessible paper trays. With the addition of up to two optional 550-sheet paper trays, the VF9035 can be configured to handle up to 1800 sheets of standard 20 lbs. letter size paper. For users who want to expand the standard 500-sheet output capacity, this can be accomplished by the addition of an optional 500-sheet output tray – bringing total output capacity to 1000 sheets. Combining this feature with the optional duplexing feature can significantly reduce user interventions and allows the VF9035 to realize its potential as an entry-level document handling station.

## SPECIFICATIONS

<b>Printing Technology</b>	Electrophotographic laser
<b>Print Speed</b>	Up to 35 pages per minute
<b>Time to First Page</b>	8 seconds
<b>Graphic Resolution</b>	1200 x 1200 dpi
<b>Processor</b>	MIPS R5000 405 MHz; Intelliprint Controller Architecture
<b>Memory</b>	64 MB expandable to 256 MB; Optional 20 GB (or higher) hard disk
<b>Fonts</b>	136 Adobe PostScript fonts; 86 Type 1 PCL
<b>Interface and Connectivity</b>	Standard: 10/100Base-T Ethernet ; IEEE 1284 parallel; Hi-speed USB (Universal Serial Bus) v2.0 480 Mb/s; Serial RS-232; 1 option slot available; Auto interface switching Optional: Ethernet 10/100BaseT for Novell Netware (IPX, SPX), Telnet, EtherTalk, DEC LAT, TCP/IP, SNMP, Printer MIB
<b>Paper Handling</b>	Input Standard: 550-sheet tray*; 150-sheet tray; Input Optional: 550-sheet feeder tray (up to 2 additional) * Supports letter, executive, legal, folio, A4, A5, B5; paper weights of 16 to 80 lbs (60 to 216 g/m <sup>2</sup> ) ** Supports letter, executive, legal, folio, A4, statement, A5, B5; paper weights of 16 to 80 lbs (60 to 216 g/m <sup>2</sup> ); supports envelope sizes C5, DL, monarch, and COM10 (up to 10 envelopes) † Supports C5, DL, monarch, and COM10; paper weights of 16 to 28 lbs (60 to 105 g/m <sup>2</sup> ) Output Standard: 500-sheet face-down top output; Supports all input media types Output Optional: 500-sheet offset catch tray; Optional duplexing
<b>Printer Resident Electronic Forms</b>	Eliminates pre-printed forms Sophisticated on-the-fly forms manipulation with variable data processing Remote forms management over the network Intellifilter: Triggers electronic forms overlays using unmodified legacy printer data streams 16 MB dedicated flash memory for non-volatile forms storage Includes Windows-based forms development environment
<b>Language Support</b>	Standard: PostScript 3 (embedded); PCL 6 with PJP, PCL 5c Drivers: Windows® XP, 2003, 95, 98, 2000, NT 4.0; Macintosh; Adobe PostScript and PCL drivers included
<b>Network Features</b>	Protocol Support: TCP/IP, SNMP, Printer MIB, and Web-based status and control Printer firmware upgrades over the network
<b>Consumables</b>	Single-element toner cartridge with 17,000 letter page yield (based on 5% coverage). New printer comes with 10,000 letter yield capacity
<b>Duty cycle</b>	Maximum 150,000 images per month (Exceeding the monthly duty cycle will not void the warranty if consumables and maintenance kits are purchased from Visara International); Toner saver mode providing up to 40% savings
<b>Environment</b>	Voltage: 100/120-127 VAC, 50/60 Hz; Current: 7 amps; Acoustics: Printing: 49.5 dB(A), Standby: 35 dB(A); Temperature: 41 to 95° F (5 to 35° C); Humidity: 15 to 85% noncondensing; EPA Energy Star compliant; Ozone-free
<b>Physical Specifications</b>	Size (HxWxD): 15.9 x 16.6 x 18.3 in. (404x 422 x 465 mm); Weight: 45 lbs (20.6 kg)
<b>Compliance</b>	UL950, FCC part 15 Class B, ICES 003, CISPR22 Class B, FDA CDRH, cUL, CE, GS, IEC 825, GOST (Russia), SABS (S. Africa), and C-Tick (Australia)
<b>Warranty</b>	One year on-site
